*Picking fruits has never been easier!*

...a step forward in the harvesting of your apples, mangoes, avocados, mameyes, oranges,...

## Overview of fruit pickers

Fruit pickers are a new type of tool for picking fruits directly from the tree.

It has advantages for collecting a wide variety of different fruits, as long as the fruit picker reaches them and without damaging the fruits.

They can be basket-style, simpler; or grasping style, just as if the fruits were held in the hand

---

*No more dangerous stairs to collect fruits! No more falls or damaged fruits!*

---

*Different ways to pick a fruit*

Our products are manufactured with excellent quality materials, their design has been proven in the practice of many clients.
